## About Me

Passionate front-end web developer with 2 years of experience in creating dynamic, user-friendly interfaces. Currently expanding skill set to become a full-stack developer with a keen interest in integrating both front-end and back-end technologies.

## Experience

**Proweaver Inc.**  
Level 3 Front-end Developer

June 2022 - Sept 2024

- Convert design mockups into fully functional websites using HTML, CSS, JavaScript, and WordPress.
- Develop responsive, cross-browser compatible, and visually appealing user interfaces.
- Customize WordPress themes and integrate content management solutions.
- Collaborate with design and development teams to ensure seamless project execution.
- Train newly hired employees on front-end development best practices and tools.

## Awards

### Top Developer

I was recognized as top developer for converting multiple websites and completing the most tasks within the team. My expertise in HTML, CSS, JavaScript, and WordPress, along with training new hires, contributed to team success and productivity.
